CAPT Kevin Reed, Sector Commander

# Outline

- Significant Case Summaries
  - P/C EAST BOUND AND DOWN
  - F/V ROGER VENTURE
  - M/T COIMBRA
- Planned Events
- Conclusions/Contacts

# F/V ROGER VENTURE

## Date/Location of Spill:

10 JUNE 2019, Jones Beach State Park, NY

**CERLCA Ceiling: \$20K**

## Type and Amount of Product Spilled:

Unknown amount of hazardous waste-potential

BOA removed approximately 1100 gallons of hazardous waste

**Cause of Spill:** Vessels towing arrangement failed, causing it to wash ashore

## Other Agency Involvement:

NY State Parks

## Concerns:

Highly visible and populated State Park

## Lesson Learned:

Coordinating the State Park legal for salvage operations

# P/C EAST BOUND AND DOWN

## Date/Location of Spill:

08 Mar 2019, Hewlett Harbor, NY

## OSLTF Ceiling: N/A

## Type and Amount of Product Spilled:

Unknown amount of diesel fuel  
OSRO removed approximately 750  
gallons of diesel

## Cause of Spill: Vessel sank at dock

## Other Agency Involvement:

NY-DEC

**Concerns:** Amount of diesel that could have potentially been discharged into a small canal, vessel owner was in California

**Lesson Learned:** Difficulty planning operations while owner was out of state

# COIMBRA - UPDATE

**Date of Assessment/Removal and Location:** May-August 2019, 26 NM Offshore Shinnecock

**ATP Ceiling:** \$14.9M

**Potential Type & Amount of Product Spilled:** 1.16 mil gal of lubricating oil & heavy fuel oil

**Cause of Spill:** WWII tanker wreck

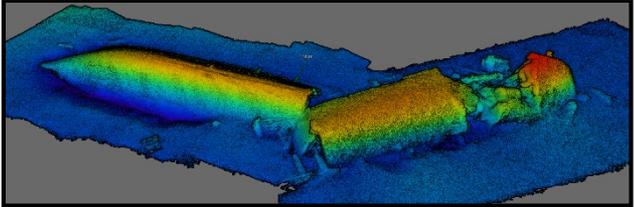

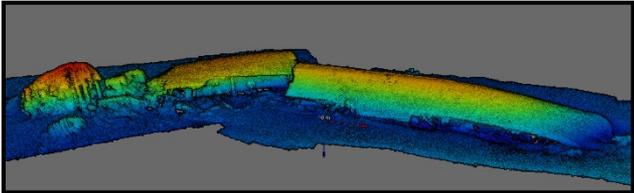

**Other Agency Involvement:** Resolve, NYSDEC, SUPSALV, NOAA, USCG (NSF, SERT, DRAT, SILC)

**UPDATE/OUTLOOK:**

- Conducted Assessment April/May
- Removing bulk lube oil
- Total estimate of **363,942** gallons of Lube Oil recovered as of 6/11.
- Preparing to remove heavy fuel oil

**Lesson Learned:**

- Hull thickness, volume estimates, combined assessment/removal, rec vessel traffic

# COIMBRA - UPDATE

11 Jun 2019

**TABLE 1: Tanks and Spaces Found to Contain Oil**

Tank/Space	Oil Type	Vol Pumped (gal)	End Point*
Cargo T1P	LUBE	50,438	1
Cargo T2P	LUBE	89,029	1
Cargo T3P	LUBE	38,577	1
Cargo T5P	LUBE	9,006	1
Cargo T4P	LUBE	44,487	1
Cargo T7P	LUBE	3,217	1
Cargo T8P	LUBE	3,217	1
Summer 1P	LUBE	8,519	1
Summer 2P	LUBE	11,574	1
Summer 4P	LUBE	38,153	1
Mid Pump Room	LUBE	26,702	1
FWD Pump Room	LUBE/HFO	32,388	1
Forward Deep Tank	HFO	0	-
Forepeak	HFO	0	-
Port Aft Tween Deck	HFO	0	-
Port Aft Deck Bunker	HFO	0	-
Estimated Total Oil Recovered		363,942 gal	

**Phase 1 Endpoint: Bulk Removal of Lube Oil.**

**Phase 2 Endpoint: Bulk Removal of Heavy Fuel Oil.**

**Phase 3 Endpoint: Refined Removal of Oil**

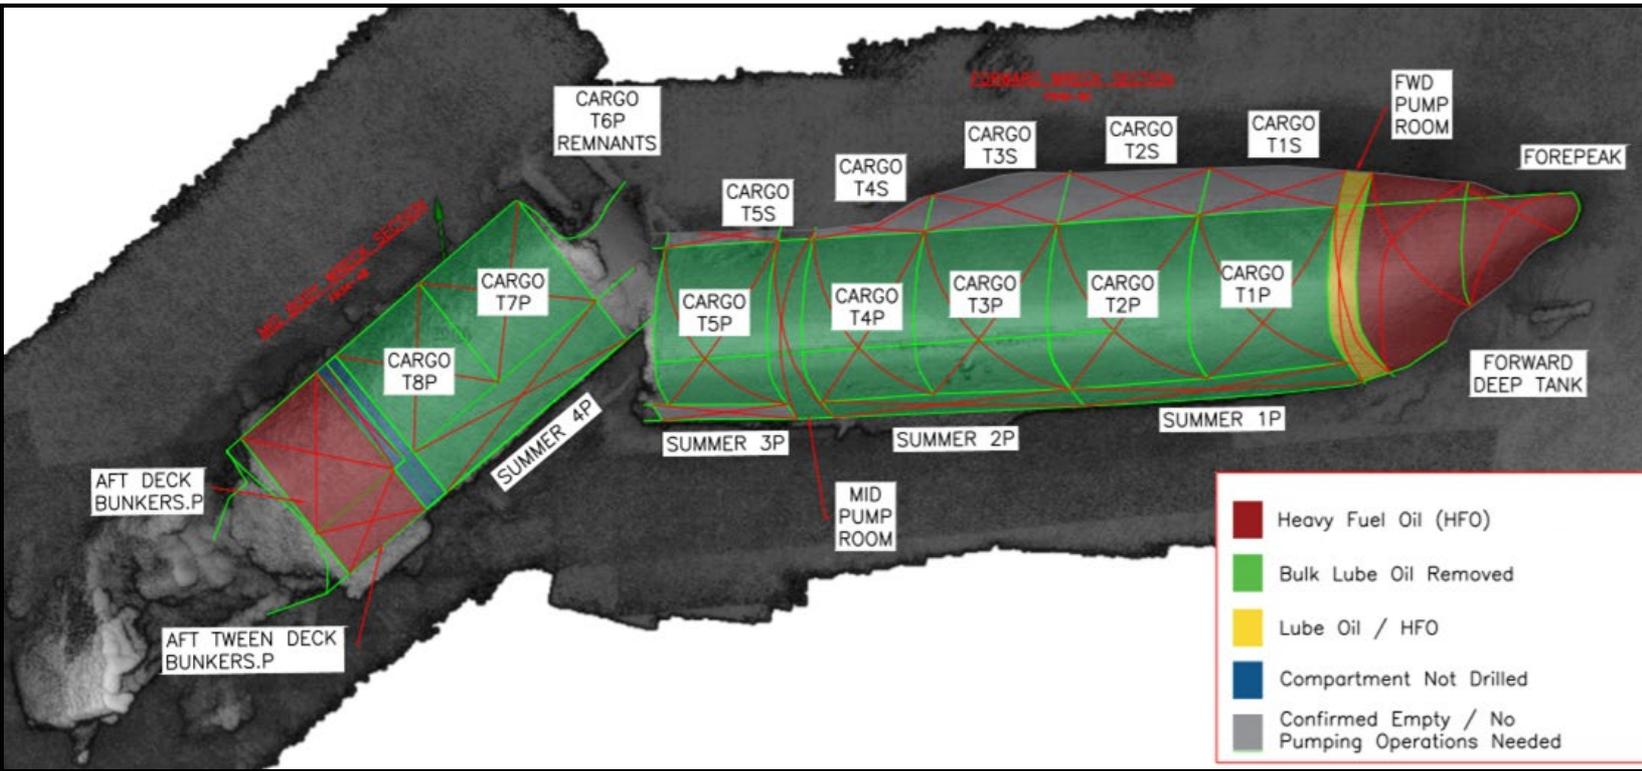

**Average Heavy Fuel Oil Specification:**

- SPG 0.98
- API 12.1
- 29,000 cs

# COIMBRA - UPDATE

11 Jun 2019

Tanks and Spaces Assessed for Oil on the MV COIMBRA

# Unit Responders

Total MSD Coram Personnel	
Active Duty	11
Reserve	4
Civilians	3
Total Pollution Responders	
Qualified	9
Civilians	0
Break-in	2
Total FOSCRs	
Qualified	3
Break-in	1

# Training/Deployments/Planned Events

Trainings	Dates
SOS	June 2019 (WA) July 2019 (OH)
SCAT	TBD
Clean Gulf Conference	October 2019
Oil Spill Control	August 2019
ERMA	Local training

Exercises	Dates
GIUEs	July 2019

Deployments/ Planned Events	Dates
COIMBRA	April-ongoing

# Questions?
